PREFACE.

THIS Book has been prepared expressly for the use of School Trustees. It is made under the requirements of Section 8 of the School Law of 1865. Its arrangement is simple and easily understood, and it is designed to produce system and uniformity in keeping a Record of the Proceedings of Township Trustees relative to the Schools. It is divided into eight parts.

PART I Names of Directors Page 4

Contains blank forms for properly recording the election and appointment of School Directors. The forms occupy two pages. The blanks on the first page are to be filled up by the Trustee. The Directors are to write their names in the first column on the second page headed "ACCEPTANCE," and the Trustee will write his own name in the second column and fill up the date in the last column, having first administered the oath of office to the Director. Thus a complete record of the name of the Director, the number of the District to which he belongs, the date of his election or appointment and his acceptance and oath of office, with the date, is obtained by writing a single line across the two pages of the book.

PART II Common School Fund Page 21

Consists of a number of blank pages headed, "RECORD OF PROCEEDINGS OF TOWNSHIP TRUSTEES." This Part is designed as a memorandum for the Trustee in which all his minor transactions relative to Schools are to be recorded.

PART III Special School Fund Page 123

Is designed for keeping a concise and accurate account of the Receipts and Expenditures of the Special School Revenue. The forms are so distinct and the headings so clear, that no special explanations are necessary.

PART IV

Consists of "RULES AND REGULATIONS" for the government of Schools. These Rules have been selected with great care by Prof. Hoss, Superintendent of Public Instruction. If they meet the approbation of the Trustee he will sign his name to them. They will then become the standard by which the Schools are to be governed throughout the Township. If other and additional Rules are adopted by the Township Trustee, they will be written on the pages following this form entitled

PART V

And headed "RULES AND REGULATIONS ADOPTED." Rules & Regulations Page 160

PART VI

Is a Register of Teachers employed in the several Schools in the Township, Town, or City. It shows at a glance the names of Teachers, term of license, number of School or Department, salary per day and per month, date of commencing, date of closing, time taught, and total amount of salary. Under the head of "REMARKS" can be noted the success or failure of each Teacher during the term. Teachers Employed Page 171

PART VII

Is arranged for keeping an account with the Receipts and Expenditures of the Tuition Revenue. It is similar to Part III, and conforms to Section 8 of the School Law. Dist Distribution Page 211

PART VIII

Is a transcript of the "TRUSTEE'S ANNUAL REPORT TO COUNTY EXAMINER," as required by Sections 7 and 21 of the present School Law. These Reports are placed here for the convenience of the Trustee and others interested in the Statistics of the Schools. No special instructions are needed for filling out the Report.

In conclusion, it is hoped that all these forms will be strictly adhered to and the blanks carefully filled up. The Supreme Court of this State has well said that "a Civil Township is a corporation represented by a board of Trustees (or Trustee under the present law,) who are bound to keep a true record of all their proceedings. A Township can only speak by its records." [Board of Commissioners of Fayette County, vs. Chitwood, 8th Ind. Reports, 504.] It is with this view that this Record has been prepared. Correct records are the only means for obtaining and preserving reliable statistics of our Schools and supplying to the State and the tax payers the evidence they have a right to demand of the successful workings of our Free School System.

RULES AND REGULATIONS.

The following Rules and Regulations, for the management of the Common Schools in this State, have been prepared expressly for this book.

Having the approval of Hon. G. W. Hoss, Superintendent of Public Instructions, in their present form, it is hoped they will meet the approbation of Township Trustees. It is believed they are generally applicable to the circumstances and wants of the Common Schools throughout the State.

If the Township Trustee shall adopt them, it will only be necessary that he should attach to them his signature at the bottom of the page. They will then become the standard by which the Schools are to be conducted and governed throughout the Township.

Other Rules, if desired, may be adopted by the Trustee, and written on the following blank pages, in this book, headed "Rules and Regulations adopted by the Township Trustee," and they will have the same force upon the Teachers and Schools as those that are here prepared.

RULE 1. No person shall be employed to teach a Common School unless he shall have a valid license of qualification, and any Teacher, who shall commence to teach without such license, shall forfeit all claim to compensation for the time during which he shall teach without such license.

RULE 2. All Teachers are required to be in their respective School-rooms at least fifteen minutes before the time fixed for the morning session to commence, and at least five minutes before the time for the afternoon session to commence.

RULE 3. Teachers shall, as far as practicable, maintain a personal supervision over their pupils during the time of recess, preventing any ill-doing, and counseling them to such sports as may be healthful and innocent.

RULE 4. Teachers shall notify the Director whenever it is necessary to procure articles for sweeping and cleaning the School-house, or to employ persons to make the necessary fires, and insure the cleanliness of the building.

RULE 5. It shall be the duty of each Teacher to see that the windows of his School room are carefully closed, that the fire, if any, is in a perfectly safe condition, and that the outside door of his room is locked at the close of each day, unless the School-house shall be under the care of a Janitor.

RULE 6. Teachers shall keep a register of the School, which shall exhibit the number of the School, Township and County in which the School is kept; the day of the week, the month and year; the name, age and attendance of each Scholar, with the name of the parent or guardian of each, and shall make such a report at the close of each term as the law requires.

RULE 7. It shall be the duty of Teachers to send Special Reports to parents or guardians, notifying them of the absence or tardiness of their pupils at School, the number of recitations lost in consequence of such absence or tardiness, endeavoring thereby to secure regular and punctual attendance at School.

RULE 8. RITHOLZ SPECTACLE CO.

FAMOUS THE WORLD OVER FOR TRUE-FIT GLASSES

LARGEST MAIL ORDER SPECTACLE HOUSE IN THE WORLD

1462-64-66 W. MADISON STREET

CHICAGO, ILL.

My very dear Friend:

Many thanks for your kind order. The spectacles enclosed herewith have been ground out of fine lens crystal, the frames are 10 karat gold filled with soft flexible temples, that cannot cut the ears and will be a relief and a great source of comfort to you while wearing them. Please notice the extra-large round eyes in these latest-style spectacles. These famous True-Fit spectacles of mine are now being worn by hundreds of thousands of men and women not only in the United States but also in practically every country in the world. From every corner of the Globe come unsolicited testimonials testifying in clear honest language to the wonderful vision and splendid satisfaction people everywhere are receiving from my remarkable spectacles.

Try these spectacles for ten days and nights at my risk and expense. Put them to any test you like. If you then decide as hundreds of thousands of people have before you, that these spectacles are the most comfortable, clearest seeing and biggest value you ever owned, I would appreciate it if you would please send me my present low advertised price of $3.98. I shall appreciate it not only in words but in deeds. I shall show you my appreciation by sending you what must surely appeal to you as a most pleasant and important SURPRISE. I know you'll be pleased with it - don't pass it up.

As you know, you take no risk of getting the wrong glasses by doing this, for I stand ready at any time during the next five years to exchange them for you if you simply follow the easy instructions on the Exchange Blank which is enclosed in this package. When you buy elsewhere and your eyes change with age you have no such money saving and trouble saving guarantee as mine to fall back on; and so you can see you are perfectly safe in doing business with me. You are assured of liberal and generous treatment. Finest of bank references furnished as to my ability and reliability. Money cheerfully refunded if not satisfied.

If you gave me the correct instructions, the glasses herewith should prove to be just right for you for reading or sewing, or for long distance. If they seem a little strange at first, give them a proper test until your eyes get used to them. That is what the ten days' trial period is for--to give ample time to make sure the glasses sent you are properly suited to your sight. Among so many cases an occasional mistake is to be expected. If the glasses do not meet your Optical requirements in every way or if you want a different style, select same from the enclosed catalog, returning the Free Trial Spectacles and Case with your REMITTANCE and instructions in one package. I shall then send the glasses you need, with the understanding that I will REFUND EVERY PENNY YOU PAY if you are not perfectly satisfied.

With every best wish for your continued success and happiness and hoping to hear from you very soon, we are

Very sincerely yours,

Ritholz Spectacle Company
